

CA272 Final Project

Throughout the semester we will be learning a skillset that builds on top of knowledge learned at each session. The final project is meant to be a culmination of that knowledge applied in some way that can benefit you as an educational professional.

You will build a website that proves knowledge in each domain of knowledge covered in class, those domains are:

- HTML/XHTML
- Cascading Stylesheets (CSS)
- Digital Design
- Publishing

The content of the site is up to you but it is my suggestion that it be something useful to you as you will find more interest in working on it. The overall site topic **does not** need to be approved with me. Some suggestions would be

- A personal website
- A Portfolio website
- A Brochure-ware website
- Redesign a public website
- A website that shares pictures, text, and media with your families
- Anything else you would be interested in making

Grading Rubric

Item	Criteria	Points Earned	Total Possible
Wireframe	<ul style="list-style-type: none"> • Contains 4 (minimum) logical sections: header, navigation, content, and footer • Color scheme included • Grid structure noted • Typography decisions made 		0pts
HTML Structure	<ul style="list-style-type: none"> • Proper division naming [5 pts] • Cogent division structure [5 pts] • No presentational markup used [5 pts] • Semantic meaning preserved [5 pts] • Commented [5 pts] 		25pts
CSS	<ul style="list-style-type: none"> • Use of padding, border, and margin [5 pts] • Inheritance used to target tags [5 pts] • Container and class names used appropriately [5 pts] • Specificity used to target tags [5 pts] • Commented [5 pts] 		25pts
Digital Design	<ul style="list-style-type: none"> • Use of design production skills to create backgrounds, bullet images, and other supplemental imaging [20 pts] 		20pts
Directory Structure	<ul style="list-style-type: none"> • Separation of like items 		10pts
Validation	<ul style="list-style-type: none"> • HTML validates [5 pts] • CSS validates [5 pts] 		10pts
Server	<ul style="list-style-type: none"> • Files Successfully Uploaded and site is viewable in working order [10 pts] 		10pts
			100pts

DUE: 9:50pm on Tuesday, May 12th, 2009

How to turn in?

- Posted on the Internet, url emailed to Jeff Brown at mrbrown@teachmetheweb.org
- Zip the entire directory and email them to Jeff Brown (Be sure the zip includes all files listed here, wireframe, etc)
